If this had been an active shooter situation, a delay of almost two hours could have cost the lives of County employees. Staff need immediate notification of such incidents to ensure their own safety. In an age when everyone has a smartphone (or two) in their pocket, this is unacceptable. My department is actively working to install bullet proof glass at our public windows, but we can't protect staff when they are outside our walls.

If you were having technical difficulties sending out a mass email to all County employees, you could have emailed this safety committee so we could pass the word on to our employees. I respectfully request that you do so if and when another such incident occurs.

Alice –

Thanks for your email. We are aware and agree on the importance of prompt notification. We have been working to send a Civic Center Alert since 10:15 this morning when we became aware of the incident. IT is on site and fixing the bug.

The following message from OCSD will be sent as soon as possible.

Santa Ana PD had officer involved shooting at approximately 9:30 a.m. The shooting occurred just south of the Central Justice Center (Plaza of the Flags). The situation is contained at this time and was an isolated incident. Avoid using the south entrance of CJC as it is closed until further notice. The CJC remains fully operational. We do not have information on the individual who was shot. No further updates are anticipated at this time.

I was just notified by one of my staff members that someone was shot by police at the Santa Ana City Hall today, which is a short walk away from Building 12. I don't know the details, but he heard from his sister who works for HCA Public Health on 17th and Bristol (who is farther away from the incident). During his break he saw the commotion, and a homeless person told him that they saw the suspect being removed from the scene.

SUBJECT: OC Court Watch Protest

On July 19, 2016 I received notification that a protest was planned in front of the OC Superior Court in Santa Ana on Friday, July 22, 2016 from 0800 hours to 1200 hours. The protest is entitled OC Court Watch and the goal is to demand accountability in the criminal justice system. They will also be protesting the officer involved shooting deaths of Manual Diaz and Joel Aceveda. It should be noted those incidents occurred on July 21st and July 22nd, 2012 and this will be the four year anniversary.

Last night the group held a training session in Santa Ana from 6-7:30 to educate anyone about the issues that they are protesting; The misuse of Brady Information and Informants. It appears that this training was put on by ACLU. It is unknown how many people attended the training.

I contacted Crime Analyst Iris Huang to conduct an open source search for additional information regarding this event.

The following Organizations are Co- Sponsoring this event:

ACLU
Angels for Justice
Arthur Carmona Center for the Wrongly Convicted
Chicanos Unidos
CJ Ford Investigations
Law Enforcement Accountability Network
Youth Power OC

I have researched the above Organizations and summarized them below:

ACLU

Americans Civil Liberties Union- Law professional Group that works to defend and preserve the individual rights and liberties guaranteed by the Constitution and laws of the United States. This group does not advocate violence, instead chooses to take their causes to the courtroom.

Angels For Justice

Is a nonprofit film company that creates films around socially conscious issues. Their latest film is regarding Wall Street Corruption, child trafficking and same sex relationships. I did not see anti law enforcement postings on their website, but it is quite possible that will be their next project and they will be filming this event.

Arthur Carmona Center for the Wrongly Convicted

This organization developed from Arthur Carmona who was allegedly wrongly arrested by Costa Mesa PD and allegedly wrongly prosecuted by our office. While charges were dropped two years after his initial arrest at 16 years of age, our office did not admit wrong-doing. His family blames the change they saw in their son after his release, on the two years he was incarcerated. This organization fights for wrongly convicted individuals. They are well organized and have a national following. They are one of ACLU's partners. Their website does not advocate violence.

Chicanos Unidos

Chicanos Unidos is a social activist group combatting concerns in predominantly Hispanic communities. This includes gang injunctions, immigration, and any police actions, especially in Santa Ana. Gaby Hernandez and Caroline Torres are vocal in the Santa Ana communities and they work with the families of Joel Acevedo and Manuel Diaz at community events. Community members who attend their events are vocal and try to provoke law enforcement. But I have not been notified nor witnessed violence. Videos and photos are taken of law enforcement at events and posted on social media. They often spin events negatively to fit their agenda.

CJ Ford Investigations

CJ Ford has been a private investigator since 1988. His passion is pro per defendants and making sure their rights are preserved during the court process. He believes that he was unjustly removed from the Alternate Defendants PI list and subsequently wrote a book entitled, "Whistle Blowing Orange County Style." He blames Judge Robison for the injustices he has suffered and has published numerous court documents about his case. I did not see any violence advocated on his site.

Youth Power OC

Youth Power OC is the newest group on this list, forming last summer. The goal of this group is to develop an autonomous vehicle for OC's youth of color to organize at the forefront of issues. They went to Sacramento last year to bring awareness to their issues. Photos of their website indicate that primary membership appears to be Hispanic and it does appear they are still in the recruitment stage for their group.

Individuals of Interest

Renee Balenti- Advocates the Abolition of Police Departments. She wants private citizens to police society. She believes that all police are corrupt and often attends functions sponsored by our office in an Anonymous mask. She advocates filming any and all contacts with police. She is very involved with the families of Manual Diaz and Joel Acevedo and advertised a memorial set up on Anna Drive at 5 pm Thursday, July 21st.

It is very likely that Balenti and her husband will be at this protest.

Patti Beers-

Vocal advocate for Kelly Thomas and was very involved in the protests of Fullerton PD. She is close friends with Renee Balenti and she claims she is a member of the press. At the moment, it appears she is in Los Angeles assisting in the Black Lives Matter protests at City Hall. She often live streams from their locations. I do not see any postings regarding the OC Protest on her social media and feel her interests are in LA this week.

Genevieve Huizar – Manual Diaz's Mother. Genevieve Huizar is a leader in The Young Survivors Network, which advocates efforts to end police violence. She is very vocal regarding her hatred and contempt for police as she alleges that her son was murdered by Anaheim Police Department in 2012. She has spoken about her contempt at many community events throughout the state and advocates for police accountability and more training for officers. She was present during hearing for the Kelly Thomas case and is present at many Santa Ana city council meetings and some injunction hearings. She attempts to provoke law enforcement verbally at events.

I expect her to attend the protest on Friday.

Donna Acevedo- Joel Acevedo's Mother is not as active as Genevieve Huizar, but does attend some meetings with her. She also alleges that Anaheim Police Department unjustly killed her son in 2012.

Since this event is partly in honor of her son, I expect her to be there on Friday.

Currently, on July 20, 2016 at 1030 hours 41 people have posted on Facebook that they will be attending the protest and 101 people have indicated they are interested in attending.

Juan,

I do not know if you are in the loop with the annual presentation our units do every August, but we have done these the last few years for the employees in the Civic Center area. I am not sure what the exact date is for sure, but it looks like it might be August 31 (Wednesday) this year. One of the segments of the power point gives the names of the persons assigned to your detail (during SAPD portion of the presentation), and I noticed the PP sent to me on Friday has old info on you guys. Could you give me the corrected names, so I can forward this back to Kari Schumaker in the CEO office, so it is up to date?

Good afternoon,

The Court recently met with Santa Ana PD and the Federal Protective Service to discuss information sharing during critical incidents. One of our takeaways from that meeting was developing a contact roster of law enforcement contacts within the Civic Center area. Please let me know if there are any changes by 6/8/16. This morning there was a suspicious item found in the parking lot next to the Court of Appeals/City Hall/State Building. It was determined the device was a make shift charger and the area was rendered safe. Cpl. Montiel will be sending you direction on becoming a NIXLE member to the Civic Center Group so that you could get relatively quicker important information about the CC.

Hi Otto,

Do you know if any of the Civic Center camera system may have caught a glimpse of this woman in question? I looked at the civic center camera feeds today and looks like camera CC026 – Santa Ana Blvd and Parton St. PTZ looks at the south end of our courthouse where they discovered the graffiti (“187 on a cop”). Granted our courthouse is out there in a distance but maybe she walked up towards Parton? We believe this occurred early Thursday (6/16) morning at 0230. We have some footage from our CCTV system but it’s not the best. Below is a screen shot of the camera image I think may have footage.

Subject: graffiti at civic center

Good Afternoon,

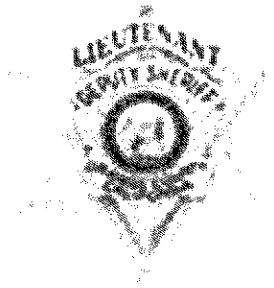

This morning threatening graffiti "187 on a cop" was discovered on the west side of the CXC (civil court on the corner of Santa Ana Blvd and Flower). Deputy Beckley has written DR #16-147095, taken photos and informed OCIAC. Deputy Beckley also reviewed the OC Superior Court CCTV system. At approximately 0230 hours a subject, possibly female, can be seen walking away from the location with what appears to be a spray paint can. There was also several other acts of graffiti in the area of the civic center, "KKK" on concrete sign at entrance to court parking lot. Sergeant Hylton has talked to SAPD civic center officer and informed them of the graffiti. SAPD watch commander (Corporal Verdugo) has been notified via telephone. Santa Ana PD was unaware of the vandalism. Deputy Beckley is working with OCIAC and SAPD to help ID the suspect through the moniker.

OC Superior Courts Facilities staff is currently working with the county Public Works and the City of Santa Ana to get the graffiti removed.

Sgt. Hylton is also contacting your operation sergeants to pass the information along.

Advisory memo is attached if you could pass the information along to your staff at briefings, to be aware of their surroundings in the civic center area.

If I have missed something please let me know.

On Thursday, June 16, 2016, around 0730 hours, a County of Orange, Civic Center sign was discovered spray painted with "KKK." The sign is located at the intersection of Flower and 6th St. on the southeast corner of the intersection. The vandalism was removed and the Sheriff's Department made notifications to the Orange County Intelligence Assessment Center (OCIAAC). A report was generated by the Sheriff's Department.

At approximate 1200 hours, more graffiti of the same color and style was located on the east side of the Orange County Superior Court Civic Complex Building located at the corner of Flower and Santa Ana Blvd. "187 on a cop" was sprayed on a west facing wall along Flower St. At approximately 0229 hours, an unknown subject (possibly female) can be seen walking from the area where the graffiti was discovered.

Juan,

For whatever reason, the calendar invite does not forward. The meeting between our bureau (Security Bureau) and OCIAC is going to be at the Security Bureau office from 0930 to 1130 on this Wednesday, June 22. If you can attend, great. Also, I do not know who else you may want to invite since this is not the main meeting with the real estate people, which is the following week, but any other stakeholders with your PD are invited as well.

Subject: Civic Center public safety contact sheet

Good afternoon,

The Court recently met with Santa Ana PD and the Federal Protective Service to discuss information sharing during critical incidents. One of our takeaways from that meeting was developing a contact roster of law enforcement contacts within the Civic Center area. Please let me know if there are any changes by 6/8/16. Once I have all the edits, I'll send out a finalized version.

Thank you,
