Mat, Stacy and Arie:

On behalf of Colleen and me, plus Randall English and Tony Rai, genuinely appreciated the “education” on OC Real Estate this afternoon. 2001 must have been a very interesting year for OC publicly owned property!!

Your “creativity” at plotting a path....that will get us “where we want to go”... and “minimize” the many “pitfalls”!....is not only much appreciated.....its “needed”!

We’re pleased at your “recommendations” and would ask that you provide us with as much detail on that “recommended” option.....we will pass on the “take ‘em on” option!!and agree.....”discretion” certainly appears the better part of this “valor”!!

Also was most appreciative we could have both the head of OC Parks and RE in a meeting under the present conditions.....most appreciative! I know you guys are wrestling with some significant projects.....just mighty pleased you could dedicate some time to a little sliver of property connected to our home.

Looking forward to your thoughts....and continuing to move this forward.

Again, thanks for your time...and, probably more importantly, your creativity!

Very best regards,

Buck
